

Magical News for our Amazing Members!

Words cannot express the gratitude our pearl family feels for your love and support during the trying times over the past 14 months. When we re-opened for business last June, we had no idea how or if we would be able to continue, but we decided that we would do our best to create a safe and special environment for the community. Almost one year later, here we stand, with open hearts and a deeper connection to every member, client and guest who has walked through the door. It is a humbling experience to hear the gratitude expressed on a daily basis by those who are receiving spa therapies and treatments and creating a home care environment through THE pearl. We have become the safe space, the haven for whole self-healing for so many, and that motivates us greatly.

After 15 wonderful years creating extraordinary experiences in Maple Lawn, **we are thrilled to announce that THE pearl will be relocating this summer.** Our new space will allow us to truly become your partner in wellness in every aspect. With a focus on whole-self healing, our therapeutic offerings will expand beyond the spa treatments we offer now, in a serene and comforting environment.

In addition to the spa treatments you know and love, we will be expanding services to include mindful movement classes such as yoga, barre, QiGong and many more; a healing water space that includes sauna, steam, hot bath, cold plunge and a warm relaxation pool; wellness services including acupuncture, illuminating life coaching and other holistic practices; and THE wellness café, which will offer a selection of feel good foods and beverages. Our new location, formerly known as Haven on the Lake, is located just minutes from our current location in the heart of downtown Columbia. This gorgeous space overlooks Lake Kittamaqundi and offers a private courtyard that can be used for a variety of services. THE pearl will be situated on the bottom floor of the iconic Rouse Building (underneath Whole Foods), where the city of Columbia transformed from a dream to a reality.

We anticipate that you may have questions regarding this transition; therefore, we have created a list of what we believe will be the most frequently asked. You can find this list on our website by clicking [here](#). If there is anything that we have not been able to answer, please feel free to contact us via phone, email or social media, and we will do our best to satisfy your curiosities.

From the bottom of our hearts, thank you. Thank you for choosing us. Thank you for trusting us. Thank you for believing in us. We promise to stay humble and connected. We promise to be a pillar of hope and, of course, a safe haven.

From Our Hearts to Yours,

Kassi and THE pearl family
